The following is Mr. Whitcomb's report : RICHMOND, June 11, 1875.

Colonel Albert Ordicay. Chairman James River Improvement Committee: Colonel,- I have the honor to submit the following report of operations on the improvement of James river from January 1st

to May 31st, 1875. Until May 1st the arrangement between the United States and the city which went into effect January 1st, 1873, was continued. On the 1st day of May the city undertook to use one oredge in cleaning out channels already opened by the United States and partially filled by silt deposited by the freshet of February 1875.

The accounts audited by the Executive Committee from January 1st to May 31st amounted as follows-viz:

During this period we received in rents.

On the 1st day of May one tug, one dredge, one hoister, and the scows necessary, were employed by the city as above stated. The pay-rolls and other expenses for the month of May were as follows-viz:

Balance to improvement June 11:h....\$7,064 20 -of which \$1,207.50 are to pay-rolls and known as the Palmer tract, at Pittsylvania \$5,856.70 to carry on the work. This will probably suffice until September 1st unless ome unforeseen accident should occur. It is proper for me to say, however, that the Auditor has paid out of this year's appropriation the sum of \$1,138.02, which was due for accounts previous to January 1st. I was not aware of this until very recently. 1 so required to show cause why he still think, however, that the additional appropriations asked for in your report to the committee--i. e., of \$15,000 ot 8 per cent. bonds-will be sufficient to carry on operations on the part of the city and maintain the channel with tourteen feet of water at mean high-tide to the wharves below Gillie's creek until 1-t February, 1876. As soon as the channel through Gillie's Creek shoal is made, and it will be commenced very soon, this

This was followed by a beautiful soprano much applause. "Flowers by the Way," by Abt (with violencelle obbligate by Professor Thilow), was exquisitely sung by Mrs. J. Reinhardt. She was applauded loudly and continuously, but was forced to refuse to sing in consequence of having to take part in the charming quartette "Surprised I Am," by Flotow, which was next on the programme. This was eloquently rendered by Mrs. and Miss Reinhardt and Messrs. Dimmock and Abernethv. The first part closed with "Ave Maria," by Abt-a perfect gem of a chorus. The grand "Chorus of Pilgrims," by Wagner, introduced the second part, and the applause which greeted its rendition fully attested the excellent manner in which this difficult composition was sung. The beautiful trio "The Fountain of Eternal Life," by Campans,

was finely rendered by Mrs. and Miss Reinbardt and Mr. C. H. Dimmock. The contralto solo, aria from Stradella, by Flotow, was rendered in Miss Nannie Reinbardt's usual charming manner, and as the sweet strains died away at its conclusion the fair songstress was the recipient of longcontinued and deserved plaudits. Her rendering of this gem was artistic in a high degree, bringing out the full force of the delightful music. She answered an encore with "Coming Through the Rye," which had to be repeated. She was afterwards presented by her admirers with numerous fragrant and beautiful bouquets, and a petite cage containing a pet canary.

The splendid concerted piece "Bella Figlia," from the opera of Rigoletto, by Verdi, was artistically sung by the two ladies and Mesers. Warkins and Grant. The concert was concluded with the brilliant and spirited chorus "The Rhine," by Knecken.

Professor Jacob Reinhardt, who succeeded the gifted Wheat as musical director of the Association, descrives great praise for the able manner in which he has presided over and conducted the rehearsals and musical studies. His care and skill were fully evinced in the execution of the pieces presented last

FELLOW-MEN."

H. R. Stevens: Esq.:

Dear Str.—A few days after the 4th of July list I got my leg hurt by a fellow-workmin letting a plank fath, which struck me on the knee. For four mouths following I was under the treatment of the physicians at the Dispensary, at the end of which time they told me they could do nothing more for me, and that I must go to the hospital and have my leg amputated above the knee. I was removed to the bospital, and laid there ten weeks under the treatment of the best skill the höspital afforded, and no pen can describe the great suffering I endured. My leg was swollen to nearly the size of my booy, and all the surface of my knee turned black, and I was told that my knee was so diseased as to render it impossible to save my leg, and unless it was amputated soon I would die. When I first went to the hospital I raised such an objection to the amputation of my leg they consented to try one alternative, which was to cut out all the diseased flesh and replace it with sound flesh from the other leg. They did cut six pieces from my well leg and place it where the diseased flesh and replace it with sound flesh from the other leg. They did cut six pieces from my well leg and place it where the diseased firsh had been removed, but the bone was so much diseased that this *xperiment proved a failure, and I was removed to my home in a hopeless condition. Other physicans were then employed, until all the money which I had saved from my earnings had been expended, and one thing after another disposed of to pay doctors' bills until my family was in a destinate condition, with no hope for myself except relief by death. At this time Mr. Hill, the police officer in my street, called in to see me, and, after rendering becuniary assistance to ny family, brought some VECETINE for me, urging me to give it a faithful trial, saying when those two bottles were gone he would see that I had some more. After I had been taking the VEGETINE three days the pleers in my knee commenced to discharge, and I cannot begin to describe the frightfur quantity that was discharged during the following eight days, and though previously I had suffered indescribable pain, rendering sleep innossible, after taking the VEGETINE three days the pain all left me, and my whole complaints seemed to be pouring out of me with this corrupted matter. The VEGETINE was not only forcing disease from me, but it gave me strength from day to day. When I commenced on the fourth bottle of VEGETINE the swelling had all left my leg; and the sore, which covered the whole surface of my knee, commenced to heal next to the bone. I am now on the sixth bottle. The sore is entirely healed, and my health so improved as to enable me to walk all over town. The VEGETINE HAS SAVED MY LIFE. It has cured my leg and restored me to health. My knee b ars the marks of my great suffering, and it will always afford me pleasure to show the proof of what this good medicine has done for nee. They did out six pieces from my well leg and plac t where the diseased fl-sh had been removed, bu

PAIN AND DISEASE. Can we expect to enjoy good health when bad or corrupt humors circulate with the blood, causing pain and disease; and these hamors, being deposited through the entire body, produce pimples, eruptions, ulcers, indigestion, costiveness, headache, reuradga, rheumatism, and numerous other complaints? Remove the cause by taking VEGE-TINE, the most reliable remedy for cleaning and purifying the blood.

FIRST DOSE ON A BOSTON POLICE OFFICER.

BOSTON, November 15, 1871.

H. R. Stevens, Esq.:

Dear Sir,—In the spring of 1869 I was stricken down with fever, which had a long and almost hopeless run. The best medical advice being in attendance, I was taken through the fever; but It left me terribly reduced and weak, with excruelating pains in my side, back, and hips. I was completely proserved with Kideay Complaint, and no medicine in my side, back, and hips. I was completely prostrated with Kidney Complaint, and no medicine seemed to reach my case.

In this coodition I was persuaded to try VEGE-TINE by a friend whom it cared of the same discuse, and it seemed as though I could feel the effect of the first dose through my whole system; and from that moment I began to mend, gradually growing better from day to day; and I follwed on with the VEGETINE until it completely restored me to health, since which time I have been able to perform my duties as a police officer, enjoying good health, and there is no doubt about the great value of VEGETINE in kidney complaint and similar diseases. Jam, sir, respectfully,
